Dear Mr. Carter:

Your letter of March twenty-third has followed me here where I am making my usual spring visit to my Missouri farms.

I regret that your son was not among those prisoners of war who have been liberated and returned to this country. It is, of course, very trying to have the anxiety of not knowing where he is but no doubt you will receive news soon for the way things are going it will not be long, I trust, before all prisoners held by the Germans shall have been set free.

You have my heartfelt sympathy during this time of trial and my earnest hope that your son will soon be returned to your family circle. Please let me know when that happy hour arrives.

I am With kindest regards and best wishes,

Sincerely,

Mr. Amon G. Carter,
Fort Worth, Texas.
