Honorable Amon Carter  
President, Carter Publications, Inc.

My dear Amon:

This is just a note to let you know how deeply indebted I feel for the most delightful trip that I ever made. I have always had a great admiration for you and the service that you have performed for the city that both of us love. The visit to Mexico will always be among my fondest memories.

Your kindness to me has been multiplied so many times through the years that I long ago lost hope of ever having an opportunity to reciprocate.

With all good wishes for continued successes, I am

Sincerely your friend,

INMc:NG
