

JEFE DEL DEPARTAMENTO DE TURISMO
MEXICO

October 16th, 1942.

Amon G. Carter, Esqre.,
President Fort Worth Star Telegram,
Fort Worth, Texas.

My dear Mr. Carter:

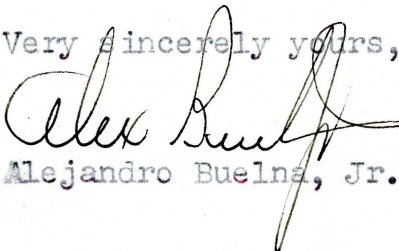

I am indebted to you for your kind and gracious letter of September 30th which arrived while I was absent from the city.

It was a pleasure to note that you enjoyed your recent visit to Mexico so much and your kind remarks about our hospitality were very much appreciated. I was glad to have had an opportunity to make your stay a pleasant one, for it was a distinct privilege to make your acquaintance and to have you with us as our distinguished guest.

Your comments about the new service of the American Airlines Inc., to Mexico coincide with my own ideas for I feel, much as you do that this new and swift service will do much to break down the barriers and obstacles of travel between our two great countries and by bringing our two peoples closer together, will contribute greatly to a better and more intelligent understanding of our mutual problems.

With the assurance of my high regard and expressing the hope that you may soon be able to visit us again, believe me,

Very sincerely yours,

Alejandro Buelna, Jr.
