FORT WORTH, TEXAS

Marking this is Ruth's birthday &
just as you were out on hand
to welcome her 13 years ago to -
nite I shall miss you lots. She
was so pleased and her cable
from Sum. & gave her the
lovely little wrist - watch
that Aunt Ruth gave me. you
are having 12 of her little
friends for dinner to. nite &
return & we will take them to a
carnie later.
Starting Friday nite they had
3 shows each nite at Casa
Munus & the couples are
litttle. Two women fought in
front of me Friday. The
weather is quite warm &
I'm paying for it to keep up.
The Barton & Munis are

in N. Y. together & called up last
nite to wish Ruth a happy birthday
& to say we had come to N. Y.
But I fear Missie did never come
again until I could come with you.
My cold is about gone, but the
broken out all over with a
rash which Dr. R. says is nervous.
He said D. B. was pleased to death
with your cheerful letter &
it did him heaps of good.
our boy is fine - Col. Miller
wrote such a grand letter about
him & he has another decoration.
I know you've had a grand trip,
but I'll rest easy when you
are back & I can relax.
A. + M. went us today - 18-6.
We've enjoyed hearing from
you & we delight all of your
messages.
Hugs of love from Ruth & me.
