Hon. Amon G. Carter
Fort Worth, Texas

Dear Amon:

I am delighted to get the note from Guam. This is a souvenir, indeed.

I worried when I heard you were going; I worried a little about you and Roy while you were making the trip; and I shall be happy to see you.

It looks now as if I would have to leave Saturday for a quick trip to Europe, returning December 2. If this develops, I won't get to see you, but my affection will meet you when you arrive in New York, my friendship will be with you while you are here, and my love, friendship, and affection will go home with you.

Best wishes always.

Sincerely yours,
