Dear Amon:

I was delighted to get your note from Guam and learn that you have had such a fine trip. I certainly would have liked to have gone along. Some day I hope to take the trip by Pan-American to Hong Kong.

I am glad you hurried home to vote for Roosevelt. The newspapers of the country will certainly need your influence with the administration in the next four years. I have been fearful that because of the attitude of the Chicago Tribune and the Hearst papers the administration might decide to go after all newspapers with a vengeance in retaliation for the things that McCormick and Hearst have done.

With best regards,

Yours

John Cowles
