Dear Amon

I have to thank you for that swell letter written with your own hand from Manila.

I was in New York Monday night attending the NBC banquet, where I had a grand seat at a table which guaranteed among other attractions that Amon G. Carter would be there. But he was not there; they just had a lot of foreigners, Frenchmen and railroad presidents of the type "I do not know him neither, Sir," but no Amon.

Do not worry to answer this; just keep bearing me in mind.

Yours

Stewart
