April 18, 1943

I am writing to thank you for a very pleasant surprise I had last week, that is to say the parcel sent by you in November 1942. I am a bit bewildered yet as to how you came by my name and number but I am hoping that you will write me shortly and enlighten me. Writing material is very short for us but I will do my best to send you a letter soon. Til then,

yours sincerely, A. Adams
