Mr. Amon G. Carter,  
Star-Telegram,  
Fort Worth, Texas

My dear Amon:

This organization that is sending parcels to the prisoners is O.K. I will tell you who the chairman is - Mrs. Stuart Welch. She asked me for the names of publishers of papers to whom to send information and I gave yours among the rest.

Of course, I can well understand your interest on account of your boy but I think this is an organization that is well worth while. I will tell you who Mrs. Welch is. She is the daughter of the late Norman E. Mack so now you know the whole story.

I missed you at the last Airlines meeting and hope you will be there in July. I am going to Canada on the 6th of June for fishing and, therefore, I will not be at the June meeting.

Hoping you are well and happy, Amon,  
believe me,

Sincerely yours,

Ed
