Dear Mr. Carter:

Referring to my letter of December 16th, we have received a preliminary reply from Geneva regarding conditions at OFLAG 64. During November 8,444 standard food parcels were dispatched to OFLAG 64 and in December 2,900 packages were shipped plus 1,500 of the Christmas food packages.

We expect shortly a further more detailed report and I will advise you as soon as it is received.

Sincerely yours,
