Mr. Amon G. Carter  
President, Ft. Worth Star Telegram  
Ft. Worth, Texas

Dear Mr. Carter:

It was a very real treat for us to have you in Montevideo even for such a short visit. My wife, Patsy, and I and our two little girls were particularly pleased at the chance of having you ride in from the airport with us in addition to seeing you at the American Embassy when Mr. Rávnal entertained you on the one night you were here.

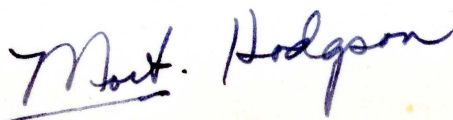

I have written to Messrs. Woodruff, Morton Downey and other folks in the Coca-Cola organization that you said you knew very well to tell them that I had been fortunate enough to meet you here.

Patsy said to tell you that she feels very honored at being an honorary vice-president of the Ft. Worth Cattle and Fat Stock Show and is enjoying the pistol lighter you gave her immensely. She has even let me use it on occasion to show it off to our friends.

Again let me tell you how genuinely nice it was to see you and hope that fortune will allow us to do so again somewhere before too long. If we come to Ft. Worth we will definitely look you up and remind you of our meeting here in Montevideo even if it is only to say hello. And the next time you are here I hope you won't be too busy to accept our invitation to buy you one of the famous big steaks which we were unable to give you a chance to try due to the Mayor's banquet following the Embassy reception.

With very best regards from both of us, I am

Yours sincerely,

Morton S. Hodgson, Jr.
