Dear Amon:

A number of the guests on the recent New York-Buenos Aires pre-inaugural flight asked for a complete list of those aboard the airplane. A copy of our story on the flight with the complete list of passengers is attached. We thought you might like to have it.

It was good to see you and I enjoyed so very much getting to know you. If there is anything at all we can ever do down this way please let us know. It'll be a pleasure.

My warmest personal regards.

Cordially,

S Roger Wolin
