Fort Worth, Texas

Dear Mr. Carter:

With further reference to our wire of July 14th, we have since mailed you the autographed photograph of President Peron which was inscribed for you. Since I have as yet not heard from you whether or not you received someone else's photograph prior to the receipt of your photograph, I would appreciate your having your secretary drop me a line and return the photograph so it may be delivered to the proper person.

I am sorry that this error on the part of our mailing department delayed receipt of your picture and apologize for any inconvenience caused you.

With kind regards,

Sincerely,

Robert A. Lord
Assistant to J. T. Trippe
