Dear Arnon -

Words are not very helpful to me now when I want to express to you my thanks for your wonderful hospitality.

I returned to New York Friday morn with a full belly and a steady oak spine on my head. None of us will ever forget your parties and all of the other things you did for us last week.

I tried to pay my bill at the Club but couldn't even persuade the manager to let me take care of my phone calls which I fear were many. Please let me pay those phone bills, at least.

Many, many thanks
Arnon -
