

French Ho Africa  
November 14, 1943

Dear Mr. Carter;

Have been wanting to write to you for quite some time, but always, something intervened.

You may recall that almost a year ago this time you spoke to a nurse via phone in London. Well, it was I. Yes, a pal of Amon's.

Was very glad to have seen Amon that Thanksgiving day, even tho it was but for two hours. Talked much in that short time. We were very good pals back in the states. Had much fun to-gether.

My letters written to him last January & February were returned. Of course I know the reason why -

#2.  
Have been fortunate in meeting Lt.  
John Anderson (You no doubt know him for  
he was Amon's buddy), also a very fine pal,  
and he gave me all the latest news  
to date. i.e. after the Tunisian campaign,  
on or about June.

Has made matters that much easier,  
knowing that our pals are here 'El hoping  
always, of running into them, some  
where, somehow. To date, have been  
most fortunate - I've met many of  
them.

Have been anxious to know how  
Amon is faring 'El of 'El when you've  
heard from him last.

Please send him my regards and tell  
him his Yankee pal has not forgotten him.  
(our)

Am fine & well so far & in spite of several mishaps all has turned out okay.

Would really appreciate hearing from you, Mr. Carter. Amon has told me much about his family, so I feel as if I do know you all - <sup>(Amon)</sup> Was really proud of you - Talked about you a great deal.

We've all made an agreement, back in the states, that should we lose contact with each other, we'd keep informed through each other's families.

Leta's wishing you a "Merry Holiday Season, Mr. Carter (the best under the present circumstances).

Sincerely  
Leta C. Daniels  
2nd Lt. A.D.C.

Should the Andersons be contacted, you can tell them that Leta looked fine as ever - was surprised to see no change in her
