May 5, 1943

Honorable Amon Carter
Fort. Worth, Texas

Dear Amon:

You do not know how happy it made me to hear through some of our mutual friends that your son is alive. Ever since the word came to me some weeks ago that he had been reported as missing in action I have been deeply distressed and have hoped and prayed that you would receive word that he was alive and well. We all join in the prayer that this war may be ended speedily in complete victory for America and that your son may be restored to you.

With kindest personal regards and all good wishes, I am

Sincerely,

mike
