Mrs. Gaines J. Barron
3200 Ethel Avenue
Waco, Texas.

Dear Mrs. Barron:

Thank you so much for sending your letters from Colonel Barron for Mr. Carter to read. He appreciated it very much and has asked that I return them to you.

Amon Junior's sister received a letter from him dated December 17th; however December 25th is the latest we have had from Amon Junior. A lady was in the office yesterday who had received a letter from that camp dated January 7th. Of course, these mean very little now that they are on the move. Somehow or other we don't feel that Amon Junior was in those reported to have gotten back to the Russians as was announced over the radio night before last and in the papers yesterday. There is a remote possibility and all we can do is wait and hope.

Be assured that our thoughts are with all of you who are experiencing such anxiety at this time.

Sincerely,

Secretary to A. G. Carter.
