Fort Worth Star-Telegram
Fort Worth, Texas

Dear Mr. Carter:

I have been wondering if you have heard from your son lately? I haven't received any mail written later than April from my husband. Edward's father received a card this week from him, but it was written April 27.

I don't believe Mrs. Beasley of Ennis has heard recently either as she called me the other day.

Of course, the country over there is so torn up right now, it may be that the Germans are too busy to send out any mail. The Russians look like they will soon be as far as Oflag 64, and I don't believe the Germans will be able to move all those camps anywhere else.

If I hear anything more recent, I will let you know. If you have heard anything, I would appreciate hearing from you.

Yours sincerely,

Mrs. Edward J. Batte
