Mr. Amon G. Carter

Dear Mr. Carter:

Thank you very much for your letter and also the one from your son. That is the latest we have had from him. We received a card today saying he had received his second parcel, but that was dated July 20. We are pleased he wrote you and thanked you for what you & your son did for our boy. The item in the Star Globe paper telling they had arrived at their
Camp and were well, but tired, was worth more than words can express. I think from the letters we got from our base. They are OK. only
the so monotonous, he said
in our letter if it wasn't for their
Ball Games and other diversion
they'd all go Crazy.
I tell him in every letter, to
be patient and keep his faith
and when God spared them
through the awful Battles, he
would see them safely
through.
It looks good but we too
must not get impatient and
expect it to be over as soon.
I also want to thank your Dec-
me. Deakin, I feel I almost
know her as mr. Bingham.
Rister, Mrs. Bronstad in Ft Worth
has told me so much about
what a wonderful person she
is, and she had also told her
gracious this letter from
Eben. He is still just a little
boy to me, but I guess by
The time we get to see him will be sometime after
it is not been well the last year and Chum knew
that when he was captured
and really was worse now
he is doing better now
as we hope he will
continue to improve.
We have been hearing
from and writing from and
and at times we
have gotten as much as
2 cards and 2 letters in one
day.

Thanking you very much
and hope hearing from you soon. I again before
To long.
Sincerely
Mrs. Burgman.
Mr. Amon G. Carter,

Dear Mr. Carter:

Thanks so much for your letter and also the one from our son. That is the latest we have had from him. We received a card today saying he had received his second parcel, but that was dated July 20. We are proud to write you and thanked you for what you and your son did for our boys. I think from the letters we get from our son, they are O.K. only it's so monotonous. He said in one letter if it wasn't for their ball games and other diversions they'd all go crazy.

I tell him in every letter to be patient and keep his faith and when God spared them thru the awful battles, he will see them safely through. It looks good but we too must not get impatient and expect it to be over so soon. I also want to thank your secretary, Mrs. Deakins. I feel I almost know her as Mr. Bergman's sister, Mrs. Bronstad, in Fort Worth has told me so much about what a wonderful person she is and she had also told her of receiving this letter from Eben. He is still just a little boy to us, but I guess by the time he gets home he will be sorta grown up.

Mr. Bergman has not been well the last year and Eben knew that when he was captured and really was worried. He is doing better now so we hope he will continue to improve. We have been hearing quite often from our son and at times we have gotten as much as 2 cards and 2 letters in one day.

Thanking you very much and here's hoping our boys are home again before too long.

Sincerely,

Mrs. E. C. Bergman

(Signed) Mrs. Bergman

Clifton Texas.
