As Katrine phoned you, the wire from the War Department signed by the Adjutant General merely stated that Amon Junior had been reported missing in action in the North African area since February Fourteenth and any additional information would be sent when received PERIOD Naturally, I fully appreciate how you feel at the same time we must look on the matter with the most hopeful view possible and have as much courage as he has always displayed and with the feeling that he may be an Italian prisoner as others of his division have been later reported after first receiving similar message. Naturally we will keep you advised of any further information received meanwhile there is nothing we can do except to keep our chin up and hope for the best.

AMON CARTER
