Mr. Amon G. Carter, Publisher,
Fort Worth Star-Telegram,
Fort Worth, Texas.

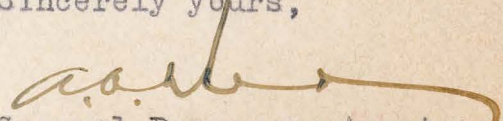

Dear Mr. Carter:

According to a United Press dispatch, which carries date line of Ft. Worth, March 11th, Amon, Jr., is reported missing in action in North Africa, which is indeed a severe shock to me, and I can only hope that he will yet show up.

Have had the pleasure of meeting your son in his travel to and from Culver on numerous occasions, and have always considered him a chip off the old block, and believe he would take care of himself under ordinary circumstances.

Please understand that I share your anxiety for his safe return.

Sincerely yours,

General Passenger Agent.
