Mr. Amon Carter,
Ft. Worth, Texas.

My dear Mr. Carter:

I just read the news item about your son in today's press. No word from me can probably be of much help but, having two boys already in this thing and another en route, yeggu will not deny me the privilege of expressing my heart-felt sympathy; I cannot help but be deeply concerned and hope that later news will be received that he has been found! How puny all our earthly accomplishments seem when we are faced with a disaster like this.

Very earnestly your friend,

Alex. M. Mood.
