Fort Worth, Texas

Dear Mr. Carter:

It is with deep regret that I have learned of your sorrow in the matter of the report you have received advising that Lieutenant Amon Carter, Jr., is missing in action.

It was not my good fortune to have met Lieutenant Carter during his residence here; however, having had the experience lately of being notified that a member of my family was missing in action, I share with you your anxiety in this hour of grief.

My heart goes out to you and I sincerely hope that very soon you may have a favorable report concerning your son.

Sincerely,

George J. Newman
