Amon dear,

I received the telegram from Mrs Deakins yesterday about Amon Jr. and I tried to reach you by phone but couldn't get through. This am it was in the N.Y. papers. I finally wired you to the club.

I can't tell you how I feel - how terribly everyone feels - How much we think of and admire Amon Jr. My heart feels very heavy tonight and my thoughts and sympathy are with you. I wish I could help - that there would be something I could do - but you feel so helpless -

I shall pray God for his safe return and the return of your happiness and peace - May God watch over him and help you in this terrible hour - With lots of love and a heavy heart
