

Bovie March 12-1943.

Dear Ann -

Such is Life - was sorry to hear of your son being reported missing + hope + pray he is get well + safe some when.

Know you are proud of this son + will always be glad to meet to see him -

As we grow older we appreciate + depend on our children for comfort, help + even advice -

March 12-1900 at 8 o'clock Geo + I new married + to night as I sit alone in this comfortable home with my pleasant memories of the past, because I miss Geo more + more - even Ann glad he does not have to go through this terrible war.

Seba + her four little girls live with me from Monday morning till after school Friday + they have just gone off to their ranch home leaving me to my memories - which are pleasant ones.

Just signed a Birth certificate for one of George McNewe some who is in San Antonio.

Had a nice letter from Pearl Singletary yesterday - she lives at Guinnee Okla. + has two sons in the service - lives on a Ranch -

Last June while on the way to visit Walter + Daisy  
Slaughter at Ft Scott Kansas - we stopped to visit with  
Minta Mc New in Okla City - Minta is still a  
Business woman.

Walter Slaughter was being treated in Dr Claude  
Gauger Hospital in Ft Scott.

Perhaps you know that Mrs Louie is in the Hospital  
here - she is a remarkable woman - been by herself -  
Recently the Baptist Church here burned - the third  
building I can remember to have burned on this lot.  
Give my love to Bertice, I hear from her occasionally  
as Nell + Effie pass by - know she made a wonderful  
woman -

With you may hear pleasant news of the son soon -

Sincerely

Minnie Slaughter

P.S. since I did not mail this will add that on Sun.  
Night as Walter Black + wife Daisy were returning from  
Fountainburg - the car went off a bridge, turned over  
killing Daisy + Walter is here in the Hospital
