

Dearest Anon,

Realizing that there is very little I can say that will be of much comfort I shall make this just a short note, for I know how heart sick and worried you are. But I do want you to feel that we are certainly thinking of you with great love and

hope. We have a friend
that has just had
her first letter in a
year from her son who
is in a Japanese prison.

This is bad enough, but
certainly not final so we
shall pray and hope
for news of you of that
fine boy of yours.

Our dearest love to
you and Ruthie.

Devotedly yours,

Pat and Wag.

March the thirteenth.
