BEVERLY HILLS CALIF.

Dear Anson:

I have just read of the shocking report of Anson & his being missing and hasten to write you to be one of all your friends hoping you may by now have word that he is safe.

Tomorrow will be three years since my precious Frank left me. I have never been happy at Lamesa since he was no longer there, that - probably explains

My moving here.

You have my earnest
prayers that - you will soon
learn of Anne's being safe.

Always your sincere friend
Late
