Dear Mr. Carter,

We have been moved to profound sorrow in the report that your dear son, Amon G. Carter, Junior, is missing in action on the North African front.

We wish to assure you, dear Friend, that you have our deepest sympathy and the promise of our prayers in this hour of grief. We hope and pray that our Heavenly Father may soon lift from your heart this burden of anxiety and uncertainty.

How proud you must be of your son who has so valiantly distinguished himself in the faithful performance of his duty to his beloved country.

We were most appreciative of your card sent from England, and shared your joy in the meeting of "Father and Son". The memory of this visit surely will serve as a consolation to you.

I have requested prayers throughout our Convents, dear Mr. Carter, and we will continue hopefully and optimistically until further word is received.

With kindest personal regards, we remain,

Yours gratefully and devotedly,

THE SISTERS OF SAINT MARY
