Mr. Carter:

It may interest you to know that noon-day services at St. Patrick's were stopped today and the congregation asked to pray for the safety of Amon.

The announcement was made by Monsignor O'Donohoe.

-1-

At this time, I want you to know that the heart of Mrs. Record and me go out to you— and that we too are praying for the boy's safety.

There's nothing that we can say or do under the circumstances, but to hope that Amon will come back all right.

The report of Secretary Stimson, carried in this afternoon's paper on page 1, seems to hold hope that Amon may be alive and well and later developments will reveal that he is safe somewhere.
