Mr. Amon Carter,

Fort Worth, Texas.

Dear Mr. Carter:-

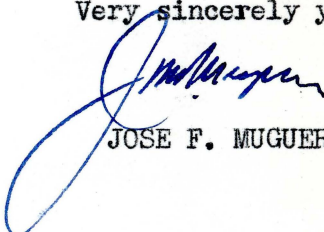

Yesterday when I was in Mexico City I was told that you had received news from the other side that your son was missing while he was fulfilling his sacred duty as a true American, fighting for the great cause of Democracy in this war.

I know that it is very hard even to attempt, as a friend, to bring any consolation to you at this moment, but at least I can express my deep sympathy, and hope, as all your friends do, that your boy is safe and it will not be long before he will return to you. I am sure that the Divine Providence will reward you for your supreme sacrifice and for your traditional patriotism for your -- country, of which you have always been such a prominent and distinguished citizen.

Please accept my sincere wishes and hopes, and may you soon hear that your boy is safe.

With my kindest personal regards, I remain,

Very sincerely yours,

JOSE F. MUGUERZA
