

March 16, 1943.

Mr. Frank Anderson called - said he came to the office last Thursday immediately upon hearing the report of Amon's "missing in action" and the door was locked - and he wanted you to know how sorry he is and that he will be glad to do anything possible for you. Said he would be glad to take you horse back riding or out to the farm and do anything you felt you wanted to do and when you felt like it.
