Mr Arnon Carter

Dear Mr Carter:-

Several years ago I visited your city as a delegate to the Financial Advertisers Assn convention and at that time I was a Vice President of the firm of Albert Frank Jaenicher Law Inc, New York. Since that time I have gone into another business, but I have never forgotten how very nice you were to me and I still have the hat you presented as a memento of the occasion.

I recall that you showed me a large photo in full color of your boy taken while a cadet at Culver -

My purpose in writing you at this time is to humbly express to you my sincere sympathy at the great loss you have sustained. I read in the New York Times that "Jr." was missing.

With my deepest respect sir I

Remain

Sincerely
James Rascoar II
