

UNIVERSITY CLUB • Albany • New York

Wednesday, the 17th

My dear Mr. Carter:

I have just learned of the recent report on Amos Jr. I know how concerned you must be, but I want to add my encouraging thought to the many I know you must have already received. I have recently had two friends, reported as missing, turn up none the worse for the experience, and if one could have a preference as war prisoner,

East is certainly better than West.
We'll all keep hoping that good
news will arrive soon

Saw Pops Whiteman in
New York last week end when
I got a short leave, but couldn't
get away for his Carnegie concert
last Tuesday — he looked grand.

Please give my best wishes
to Hodges when you get to N.Y.

My best personal wishes.

Sincerely,

Jerry Harrigan
