My dear Amon:-

Nothing in all the war news has shocked me so deeply as the word that came last week about little Amon. I lack words to express my feelings and heartfelt sympathy for you in your great bereavement, but I do want you to know that I share the belief and prayers of your many friends that your fine and lovable boy will return to you safe and sound.

With warm personal regards,  
believe me to be

Most sincerely yours -  
W. G. Clarkson
