

March 21, 1943

Dear Mr. Carter,

Please let me express to you my deep concern over the news you received about Amon; it has distressed me more than anything I have ever encountered, as Amon is one of my very best friends, and has been since we were very young. Somehow though I have the feeling that he is all right and will turn up in the very near future; he's the darnest fellow for doing things like that. If I know Amon like I think I do you'll hear from him real soon with a message for you to send him a couple of thousand dollars for all the Germans he has captured.

If there is anything that I can possibly do please don't delay in notifying me immediately, as there is nothing in the world I wouldn't do for Amon. As soon as you receive news from him I would certainly appreciate it if you would let me hear from you; I would take a great load off my mind as it would you.

FRANK L. THOMPSON

Again let me say that no news is good news and a strong heart will ultimately give way to success and the best news you will ever receive - ~~that~~ concerning the safety of one of the finest sons a man could ever hope to have, not to mention one of the best friends I will ever hope to have. Looking forward to hearing from you within the very near future, I am

Respectfully yours,

Frank
