Dear Aaron -

I read today with great regret of the report that your son Aaron has been missing since Feb 14 in the North African operation. And I sincerely hope he shows up alright in due course. And in any event I want you to know that you have all my sympathy in the mean time.

Since last fall when I received active service I have been out here on Admiral Towns staff having a most interesting time.

With very kindest personal regards

Yours sincerely

Sam Suggs

P.S. The Admiral asked me to express his regards and sympathy likewise -
