Dear Amon:

Every day Mary and I have been thinking about the Cowboy. We just cannot get it out of our minds that he is all right somewhere and will turn up. I hope this is so.

He is a great youngster with a great future and has the courage and character to do a great job, and I know you are now, and will everlastingly be, proud of him and happy to know that Amon's boy did just what he should do.

We both send our love.

Ever sincerely,

*Gordon*
