Personal
Dear Amon:

Please accept my deepest sympathy in the sorrow that has come to you through the report that your fine son has been missing in action since the middle of last month. I hope that word will come to you later on that will lift the heavy load from your heart but if it should transpire that he has made the supreme sacrifice on the field of battle, it will be a measure of comfort to your last hour that he died for his country in time of her great need.

Your friend,

Ernie Thomason

Mr. Amon Carter,
Fort Worth, Texas.
