AIR MAIL

My dear Amon,

I am in receipt of the marked copy of your Fort Worth Star Telegram of recent date and note that your fine son, Amon, Jr., is reported missing. I pray and believe with you that your fine boy is alive and well and hope that you will hear from him soon.

We all have our heartaches when our dear ones are in jeopardy. Our big boy, Herbert, has been in Alaska territory for the past several months, but, thank God, we hear from him often. He is on the staff of the Commander of the Alaska Sector.

It has been quite a while since our paths have crossed, but I think of you often.

With warmest regards, I am

Sincerely,

Herbert Fleishhacker
