Dear Amos -

This is merely a little note to let you know how much I thought of your boy. He was very nice to my boy when he was a little fellow at Camp Holland - and I will always be grateful for the way he watched over him. He was such a wonderful fellow - so fine looking - so kind - and so careful of the welfare of the young kids. Brooks Jr. was just the age to appreciate attention from the older boys and was so grateful

far away you give dance  
have to think that my day  
goes into this Army next  
month him self. another  
apparently I had of hearing  
aman Jr was at my camp at  
Lake Worth. He went in Mary  
Lane's crowd and frequently  
came with the bunch to the  
Camp. Mrs Morris and I often  
agreed that if there was a finer  
~~to~~ day than he we had never  
met him. Always a perfect  
gentleman - and always  
friendly and courteous to old  
people.

I wouldn't know my reaction  
in a case like this Aman -  
and I hesitated to write you  
but I thought you might  
care to know how much  
I thought of Aman Jr -

and have my sympathies  
goes out to you in this  
time of sorrow. Along this  
line very little one can  
say helps - so I thought it  
might help just a little to  
let you know how I admired  
the way and how I have  
thought of him a thousand  
times since we got the  
news. I would love to be able  
to say some thing that would  
help just a little - but since  
that is impossible I will  
close.  
Sincerely  
Brooks Morris
