Dear Amon:

I dropped by your house on my way home as soon as I learned that your boy was reported missing, but did not find you in.

You and Amon Junior have been in our thoughts continuously. Our hopes and prayers are for his welfare and safety, and we trust that you will soon have definite assurance that he is safe and well.

Would that I could contribute in some way to your comfort.

Sincerely your friend,

*W.P. Bomar*
