Honorable Amon Carter
Fort Worth, Texas

Dear Amon:

Ever since I read the distressing news that you son had been reported as missing in action I have wanted to write to you but have put it off because I did not know of anything that I could say that would relieve your great anxiety. I do want you to know, however, how deeply I feel about this and to express the sincere hope and prayer that news may soon come to you that your son is alive and well.

Sincerely,

Walter
