

April 7th -  
Washington, D. C.

Dear Mr. Carter.

The most beautiful box  
of spring flowers came on  
Saturday from you - Never  
have I seen more beautiful  
ones, Anapdragons, Iris, roses  
Stock, Delphinium, trivialis lilies  
and Mr. Carter everything.

My house never looked gayer  
and as I was having  
people in for tea on Sunday  
afternoon, you were present  
too at least in speech as ever  
one said - "What lovely flowers"  
I said "Thanks to Mr. Carter".

Ruth Fisher and I had such a nice lunch with you and the Doctor, it was interesting tho indeed sad to hear about your son, I do hope you have some news by now. And as you say - "if he is a prisoner, he will be well able to take care of himself." I do so hope this is the case and would like to hear any news of him.

A letter from Col. Buro yesterday says they are really doing things now - General Fisher

has recommended him for  
a promotion to General - that  
tho as you know is in the  
lap of the Gods. He has been  
gone now fourteen months  
and so no hopes of coming  
home now.

Again, I thank you Mr  
Carter for the lovely flowers  
and hope you will come to  
our home next time you  
are in Washington for tea  
I will send you K. T's for you until  
Amos G. shows up.

Most Sincerely

Jane M. Pebb
