

# MEMORANDUM

*(Make a note of it)*

April 13, 1943

---

**Mr. Carter:**

---

Mr. Dayton Moses called to tell you that his heart goes out to you and that he hopes you soon hear from Amon. His son is not a prisoner but is presumably safe on some Island near Bataan or in the Pacific - he didn't say where. So, he has an idea the anxiety you are faced with.
