

April 14, 1943.

Honorable Franklin D. Roosevelt,
President of the United States,
The White House
Washington, D.C.

Dear Mr. President:

Since dictating your letter this morning, Amon Junior has been reported as a prisoner of war in Germany as per the attached clipping.

It naturally goes without saying that I am about the happiest human being to be found anywhere in these troublesome times.

Again, I thank you for your marvelous letter.

Most sincerely,

AGC.KD
