

April 15, 1943.

General H. H. Arnold,
Commanding General,
Army Air Forces,
Washington, D.C.

My dear General:

Since writing the attached letter
this morning, word has been received that Amon Junior
is a prisoner of war in Germany, as per the attached
clipping.

It naturally goes without saying
that I am about the happiest human being to be
found anywhere in these troublesome times.

Again I thank you for your marve-
lous letter.

Most sincerely,
