Mr. Amon G. Carter,  
Fort Worth Star-Telegram,  
Fort Worth, Texas

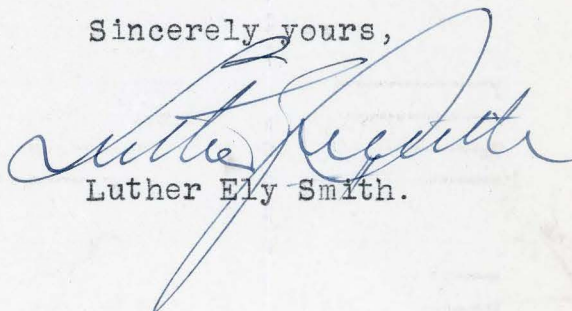

Dear Mr. Carter:

Congratulations upon the good news that appeared in last night's paper to the effect that your son is safe. It is fine to know this, even though he is in the custody of "the enemy."

Being a firm believer in the laws of heredity, I venture the prediction that it will be a liberal education to all Germans who thus come in contact with the strong influences that spring "deep from the heart of Texas."

With all good wishes,

Sincerely yours,

Luther Ely Smith.
