April 16, 1943

Dear Mr. Carter:

I rejoice with you over the good news you have received about Amon Jr. Our organization is extremely fond of Amon and remember him from the time as a school boy he began selling news papers at the entrance to the Fair Building. Since that time he has made periodic visits to see us when he was in town, and we are all very fond indeed of him.

Mr. John Jones, is of course elated over the news from John Jr., and both he and Mr. Jesse are very appreciative of the many courtesies you showed John while in England last year.

Kindest personal regards.

Sincerely yours,

Clay
