Dear Mr. Carter:

This will confirm our conversation of this afternoon concerning the dinner that you have so kindly offered to hold for the first annual national KIWI meeting in Fort Worth.

We have set up the late afternoon and early evening of Tuesday, May 6th, for your party and would suggest that something beginning around 5:00 PM and running through until 9 or 10 o'clock would be most practical. We have told the girls that you will hold it at Shady Oaks Farm, and as soon as we have more definite information about the number who will attend, etc., we will keep you posted.

I am sending a copy of this to your office in Fort Worth for your secretary's information, since I had already written you there and asked certain questions about dates, etc.

I have asked the girls not to disturb you with this problem and to clear all of their details with me so that we can eliminate any confusion or duplication of activity.

All of them are looking forward to being with you on May 6th.

Sincerely,

Walter H. Johnson, Jr.
