Dear Colonel Carter:

Since Rusty is on vacation and since we missed you last month when you were at the American Airlines' Board of Director's Meeting, I am wondering if you plan to make the July Board Meeting. If so, Dave Agnew and I would like to get together with you.

If you will have time for a get-together with us, why not drop me a note, and we can arrange a definite appointment and go over our proposal with you and any others which you may care to include.

Yours very truly,

Robert L. Moore
